

September 21, 2025: On Rising In a Created Moment and Defending the Devil

To the Woman in the Parable of the Poor Woman that Gave Everything:

Earlier in this illegal spying campaign against our home, my wife and I were adamant supporters of Donald Trump, when he was then running as a candidate for President in 2024.

Around the period of 2021-2023, I was being given the distinct impression by the campaign of Donald Trump for President that we were being watched over or supported by his operation to join politics - I was being 'led' to seek out certain opportunities within the Republican world of politics.

After being subjected to an ongoing series of stimuli, I was then given a very different impression within a very fast window of change. The 'good guy' that was seemingly encouraging and helping our home, quickly changed into a 'bad guy' that was attacking and harming our home.

In the moments when I was still supportive of Donald Trump, I was given the impression that the 'Feds' were watching over my life as some sort of criminal investigation. The impression was being conveyed that we were all being 'unfairly' demonized and targeted along with Donald Trump. In fact, for a long while, we all believed that Donald Trump was innocent or being unfairly targeted for his efforts to help us, the People.

The important point I am writing about today is this: I am remembering a distinct impression of being instructed to 'grow' and 'blossom' like a flower at the time that I was to be targeted by this alleged 'investigation' of my innocent actions.

I am conveying that I was being instructed and coached to 'rise' up and 'speak out' against the injustices that were targeting me (while supporting the very same people that were doing the targeting, harm, and illegal spying).

Now, years after our own recognition of Donald Trump's criminal enterprise of threatening, extorting, and feeding upon those that support him, I am conveying publicly that Donald Trump's method seemingly involves the creation of catastrophes for his supporters so that they can 'turn' towards Donald Trump as their savior. I am also conveying publicly that Donald Trump's method also seemingly involves creating catastrophes for his own supporters so that his supporters will speak with him and corroborate Donald Trump's own (false)(cover) story that he, himself, is being unfairly targeted for his innocent actions as well.

I am writing to publicly state that the Donald Trump's campaign and administration is using a very broad and very detailed spying campaign over the lives of people around the world. I am writing to publicly state that the Donald Trump's campaign and administration is using that broad and detailed spying campaign to threaten us, intimidate us, and simply agitate us into misery inside of our own home.

Donald Trump is not being unfairly targeted by any efforts to smear or harm him as an innocent person. Donald Trump is a criminal and must be viewed as a criminal that is a threat to our community because he actively is a threat to all of us - even inside of our own homes.

I hope that this message is helpful to anyone that remains confused about Donald Trump. I am certainly conveying that his campaign began this messaging, that military veterans advanced this messaging, and that criminal gangs are being advanced to push this messaging into our home.
